

EVOLV Web Application – Scope of Work (SOW)

Project: EVOLV Website-Based WebApp Development

Objective: To create a comprehensive digital ecosystem that manages EVOLV members, circles, activities, achievements, attendance, events, and yearly programs while capturing every member's journey from induction to milestones.

1. OVERALL PROJECT OBJECTIVE

To build a centralized EVOLV WebApp that:

- * Digitally manages EVOLV Circles and Members
- * Tracks complete Member Journey (Business + Personal + Achievements)
- * Automates Attendance & Points System
- * Manages Events and Trainings with RSVP
- * Displays Yearly Activities & Achievements
- * Highlights Branding & Recognition
- * Provides Admin Control with Reports & Analytics

2. USER ROLES

A. Super Admin

- * Full access and control
- * City and Circle management
- * Membership approval and renewals
- * Event and points configuration
- * Reports & analytics

B. Circle Admin

- * Access to their circle only
- * Attendance marking
- * Event participation tracking
- * Member activity verification

C. Member

- * Profile management
- * Activity updates
- * RSVP to events
- * View achievements and points

D. Visitor (Public View)

- * View events
- * Search members by category
- * Submit inquiries (to admin only)

3. CORE MODULES

MODULE 1: CIRCLES MANAGEMENT

- * Create & manage Circles (City-wise)
- * Assign Members to Circles
- * Display Circle Roster
- * Circle Performance Summary

MODULE 2: MEMBER DIRECTORY / ROSTER

Member Classification:

- * Core Team
- * MOM (Member of the Month)
- * 3-Year Priority Club Members
- * Silver / Gold / Platinum Pin Holders
- * Regular Members
- * Medical Leave Members
- * Maternity Leave Members

Member Profile Should Include:

- * Date of Induction
- * Category
- * Brand Name
- * Contact Details
- * Social Media Links
- * Website
- * Business Description
- * USP
- * Years in Business
- * Birthday & Work Anniversary
- * Membership Plan & Renewal History
- * Pin Status (Silver/Gold/Platinum)
- * 3-Year Priority Club Status
- * ESP Status

- * Business Products/Services Listing
- * Journey Timeline (Milestones & Achievements)

MODULE 3: MEMBER JOURNEY TRACKER

A complete digital journey from induction date including:

- * Date Joined
- * Trainings attended
- * ESP completion
- * 121 Marathon participation
- * Business Presentations taken
- * Brand Showcases taken
- * Referrals and Referral business given/received
- * Business given/received
- * Testimonials received
- * MOM titles
- * Pin Achievements
- * Leadership Roles
- * Awards
- * Event participation

This should be displayed as a Timeline View inside the member profile.

MODULE 4: ACTIVITIES TRACKING

Members can log and admin can verify:

- * One-to-One (121) Done
- * Referrals Given
- * Referrals Received
- * Business Given
- * Business Received
- * ESP Attendance
- * Testimonial Submitted
- * Visitors Invited
- * PPT Taken
- * Brand Showcase Taken

All activities should auto-sync with Points System.

MODULE 5: ATTENDANCE MANAGEMENT

Attendance Categories:

- * Present
- * Absent
- * Substitute
- * Medical Leave
- * Maternity Leave should extend the membership

Attendance Types:

- * Formal Meets
- * Events
- * Trainings
- * ESP Sessions

System should:

- * Track allowed leaves
- * Track substitute usage
- * Trigger warning after:
 - * 2 absences (Alert)
 - * 3 absences (Category opening warning)
 - * 4 absences (Membership void alert)

Maternity leave:

- * Membership on hold for 6 months
- * Reactivation option

Medical leave:

- * Upload certificate option

MODULE 6: POINTS SYSTEM (Automated)

Points Configuration Panel (Editable by Admin)

Default Points:

- * New Member Induction – 20
- * ESP – 20
- * Meet Attendance – 15
- * Business Given – 10
- * Referral Given – 10

- * 121 Done – 5
- * Training – 25

Features:

- * Monthly Auto Calculation
- * Leaderboard Display
- * Automatic “Member of the Month” title
- * Points History Report

MODULE 7: EVENTS MANAGEMENT + RSVP

Admin should be able to:

- * Create Events
- * Add description, venue, date, timing
- * Define event type (Formal, ESP, Training, Social Event)
- * Enable RSVP option
- * Mark Attendance

Yearly Common Events to be Pre-Created:

- * 121 Marathon
- * Glam Night / STIR / Party
- * Garba
- * EBL – Allora Pop Up
- * Service Fest
- * Walkathon
- * Retreat
- * Treasure Hunt
- * Foundation Day
- * Membership Carnival

Members should be able to:

- * RSVP (Yes/No/Maybe)
- * See event history

MODULE 8: PIN SYSTEM MANAGEMENT

Silver Pin

Gold Pin

Platinum Pin

System should:

- * Assign pin
- * Display benefits automatically
- * Track renewal discounts
- * Priority club tagging (Platinum)
- * Business Presentation priority tagging

Pin badge visible on profile & directory listing.

MODULE 9: SOCIAL MEDIA INQUIRIES

- * Public can submit inquiry
- * Goes to Admin only
- * Admin can forward to concerned member
- * Inquiry tracking dashboard

MODULE 10: PRIORITY CLUB (3 and 5 YEAR MEMBERS)

- * Special tagging
- * Highlighted in directory
- * Separate filter
- * Recognition section

MODULE 11: ESP MANAGEMENT

- * ESP calendar
- * Attendance tracking
- * Non-compliance alerts:
 - * Missed 2 ESP → No PPT/Brand Showcase
 - * Missed 3 ESP → Skip Introduction
- * Completion certificate record

MODULE 12: ANNOUNCEMENTS & UPDATES

- * Coming Up Events
- * Upcoming ESP
- * Trainings
- * Notifications panel

MODULE 13: REPORTS & ANALYTICS

Admin Dashboard:

- * Attendance report
- * Activity summary report
- * Points leaderboard
- * Revenue report
- * Expired members report
- * Renewal reminders
- * Pin distribution report
- * Circle performance report

MODULE 14: EVOLV BRANDING (MANDATORY)

Continuous scrolling EVOLV branding at Top of every page

- * EVOLV logo fixed
- * Tagline scrolling
- * Highlight achievements and recognition

MODULE 15: MEMBERSHIP MANAGEMENT

- * Membership Plans
- * Renewal tracking
- * Renewal discount auto-apply (Gold/Platinum)
- * Expiry reminders

4. TECHNICAL REQUIREMENTS

- * Web-based Application (Mobile Responsive)
- * Role-based login
- * Secure database
- * SEO optimized
- * Backup & data security
- * Hosting & domain integration

5. FUTURE SCALABILITY

System must allow:

- * Multiple cities
- * Multiple franchises
- * Category expansion

- * Mobile app integration in future

6. EXPECTED OUTCOME

The EVOLV WebApp will:

- * Digitally manage complete member lifecycle
- * Increase accountability
- * Automate recognition
- * Strengthen brand positioning
- * Provide data-driven leadership decisions
- * Enhance member engagement
- * Create structured growth tracking

-
